

PRESS RELEASE
KETCHIKAN POLICE DEPARTMENT
RELEASE DATE: APRIL 1, 2022

On November 18th, 2021 the Ketchikan Police Department received a National Center for Missing and Exploited Center (NCMEC) Cyber-tip which detailed an Electronic Service Provider mandated report of a video depicting child pornography.

Through several search warrants to Dropbox Inc., and General Communication Inc., Logan Ohmer, 19 years of age, was identified as a suspect in this investigation.

Subsequent investigation led the execution of a search warrant at Logan Ohmer's residence, which resulted in the seizure of several electronic devices. Mr. Ohmer disclosed to investigators that they would find approximately 4500 pornographic photos and videos, of which he estimated that about one-third to two-thirds would be child pornographic content. Analysis resulted in the discovery of substantial quantities of videos and photos depicting child pornographic material.

An additional search warrant to other Electronic Service Providers resulted in electronic communication between Mr. Ohmer and others involved in the distribution of child pornographic videos and photos.

On March 31st, 2022, Logan Ohmer was indicted by a Ketchikan Grand Jury on felony counts of Possession of Child Pornography and Distribution of Child Pornography. Following indictment, an arrest warrant was issued for Mr. Ohmer and he was arrested by the Ketchikan Police Department and held at the Ketchikan Correctional Center on \$20,000.00 bail.

The Ketchikan Police Department would like to thank the Anchorage Police Department's Internet Crimes Against Children (ICAC) task force for their role in assisting with this investigation

*All charges reported in this media release are only accusations.
All defendants are presumed innocent until proven guilty.*
