Note 1: "The rate" term used in conjunction with the service classes listed above refers to the sum of the base monthly rate and the service line demand charge. There is no additional charge for the class of service.

Note 2: Additional for other facilities such as restaurants, delicatessens, kitchens, bars, beverage dispensers, etc., at the applicable charge for each facility shall apply.

Note 3: This rate applies to bulk water haulers who take delivery of water at designated, metered Ketchikan public utility facilities and deliver it for direct resale to the ultimate consumer. The base monthly rate and service line monthly charge are not added to this rate.

Note 4: The dormitories, laundries and restaurant facilities provided by the fish processors to their employees on a seasonal basis shall be prorated on the basis of the number of months that these facilities are in use and the number of employees using them and shall hereafter apply to all such dormitories and restaurant facilities regardless of past practices.

Note 5: Inactive Commercial Account. This class of account is available to all seasonal business owners who submit a written request to close their account at the end of the season and also request that their water service be turned off at the water main. This "inactive commercial account" status may only be requested once per calendar year. The amount that will be charged for disconnection or reconnection of the utility water service is \$52.80.

- (c) **Minimum.** The above rates are minimum rates covering service to one customer at one premises. The minimum billing for the classes of customers set forth above shall be "the rate."
- (d) **Conditions.** All rates are for service only and do not cover any charge which will be made for installing, disconnecting or reconnecting any service furnished under this schedule. The right is reserved by the utilities to refuse service to anyone who is indebted to the utilities. The amount that the utility will charge for the disconnection or reconnection of anyone who is indebted to the utilities is \$52.80. The utility will not discontinue water service for the purpose of resolving a dispute or enforcing an agreement between landlord and tenant, lender or borrower, or other legal relationship unless one party to the relationship is a government agency.
- (e) For rates for water construction purposes see Schedule G.
- (f) **Terms.** The above rates are based on a 12-month continuous service except for seasonal business owners and all schools whether public, private or religiously supported. The rate computation for all schools is based upon nine months' service unless summer school classes also occur at a particular facility.
- (g) **Tax Additions.** The above rate is subject to proportional increases to compensate for any gross revenue, kilowatt-hour or other form of tax imposed by any municipal, state or federal taxing body, excepting those taxes, or levies, in effect upon the effective date of the ordinance codified in this chapter. (Ord. 2001 § 3, 2025; Ord. 1987 § 3, 2024; Ord. 1962 § 3, 2023; Ord. 1941 § 3, 2022; Ord. 1923 § 3, 2021; Ord. 1909 §§ 3 – 6, 2020; Ord. 1889 § 3, 2019; Ord. 1870 § 3, 2018; Ord. 1806 § 3, 2016; Ord. 1786 §§ 3, 4, 2015; Ord. 1745 § 3, 2014; Ord. 1713 § 3, 2013; Ord. 1665 § 3, 2011; Ord. 1654 § 1, 2010; Ord. 1642 § 3, 2010; Ord. 1617 § 3, 2009; Ord. 1598 § 3, 2008; Ord. 1565 § 1, 2007; Ord. 1559 § 3, 2006; Ord. 1538 § 3, 2006; Ord. 1490 § 3, 2004; Ord. 1478 § 1, 2003; Ord. 1290 § 10, 1994; Ord. 1211 § 2, 1991; Ord. 1018 § 2, 1984)

11.16.060 Industrial except for processing – Schedule C. Revised 5/25

Water Schedule C, industrial, except for processing, shall be as follows:

(a) **Application.** Applicable throughout the area served by the utility. Applicable to industrial services, except food processing and seasonal industries.

1 inch	\$150.78
1-1/4 inch	\$251.30
1-1/2 inch	\$392.61
2 inch	\$599.97
2-1/2 inch	\$911.30
3 inch	\$1,377.33
4 inch	\$2,252.13
6 inch	\$3,753.65
8 inch	\$4,161.99
Over 8 inch	By special contract

(c) **Minimum Charge.**

(1) The rate.

(2) For temporary service (three months or less) add 25 percent to rates in subsection (b) of this section.

(d) Discount. None.

(e) Conditions. All pipes, hydrants, valves and outlets must be properly maintained to avoid waste of water. The utilities reserve the right to discontinue service where pipes and fixtures are in a leaky condition or being used in a manner conflicting with these regulations. Service on such pipes and fixtures will not be resumed until satisfactory repairs have been made and the regulations governing this service properly observed. All plumbing must be installed in such a manner that the entire system will be protected in freezing weather using only one bleeder.

It is the intent of these regulations to establish a standard of rates and service whereby each water user can receive full value in service.

(f) Terms. The above rates are based on 12 months of continuous service.

(g) Tax Additions. The above rate is subject to proportional increases to compensate for any gross revenue, kilowatt-hour or other form of tax imposed by any municipal, state or federal taxing body, excepting those taxes, or levies, in effect upon the effective date of the ordinance codified in this chapter. (Ord. 2001 § 4, 2025; Ord. 1987 § 4, 2024; Ord. 1962 § 4, 2023; Ord. 1941 § 4, 2022; Ord. 1923 § 4, 2021; Ord. 1889 § 4, 2019; Ord. 1870 § 4, 2018; Ord. 1806 § 4, 2016; Ord. 1786 § 5, 2015; Ord. 1745 § 4, 2014; Ord. 1713 § 4, 2013; Ord. 1665 § 4, 2011; Ord. 1642 § 4, 2010; Ord. 1617 § 4, 2009; Ord. 1598 § 4, 2008; Ord. 1565 § 1, 2007; Ord. 1559 § 4, 2006; Ord. 1538 § 4, 2006; Ord. 1490 § 4, 2004; Ord. 1290 § 11, 1994; Ord. 1211 § 2, 1991; Ord. 1189 § 1, 1990; Ord. 1018 § 2, 1984)

11.16.065 Port and harbors resale – Schedule E.

(a) This section shall apply to city port and harbors department resale facilities only.

(b) It is intended that port and harbors administer the sale of water to vessels and retain 25 percent to cover associated administrative and maintenance costs. Port and harbors is required to maintain and report to KPU monthly the number of vessels taking on water in each vessel size category: 99 feet or less overall length; 100 to 299 feet overall length; 300 to 499 feet overall length; and 500 feet or greater overall length. Port and harbors is required to submit monthly payments to KPU in amounts equal to 75 percent of fees collected in accordance with KMC 13.08.180.

(c) Conditions. All pipes shall use only one bleeder.

(d) Dock buildings and offices are charged at the appropriate business rates. (Ord. 1362 § 2, 1997)

11.16.070 Seafood processors and allied industries – Schedule D. Revised 5/25

Water Schedule D, seafood processors and allied industries, shall be as follows:

(a) Application. Applicable to seafood processors and allied industries throughout the area served by the utilities.

(b) Fish Processors and Allied Industries.

(1) A minimum annual charge of \$71,145.16 for all service sizes three inches or greater.

(2) An additional charge for additional services sized as follows:

Size of Service	Charge per Season
5/8 – 1 inch	\$2,473.50
1-1/4 inch	\$4,441.62
1-1/2 inch	\$5,931.02
2 inch	\$17,739.76

(c) Inspection. The utilities shall have free access at proper times of the day to all parts of the building and property supplied with water from the water system for the purpose of inspecting condition of pipes and fixtures, noting the amount of water and the manner in which it is used. The utilities reserve the privilege of closing off all pipes and fixtures found in a leaky condition or being used in a manner contrary to these regulations, and service on such pipes and fixtures will not be resumed until satisfactory repairs have been made and instructions given for the proper observance of these regulations.

All plumbing must be installed in such a manner that the entire system may be protected in freezing weather with only one bleeder. It is the intent of these regulations to establish a standard rate and service whereby each water user can receive full value in service.

(d) Terms. All rates are based on operations during one complete season and service will not be supplied for less than one season nor will rates be prorated. Charges for service supplied shall be invoiced and payable in advance during the months of April through September, unless otherwise requested by the customer and approved by the utilities. The above rates pertain to water for seafood processing purposes only and do not include service for residential, dormitories, laundries, and restaurant facilities or other service which shall be billed separately under the proper rate schedules.

(e) Tax Additions. The above rates are subject to proportional increases to compensate for any gross revenue, kilowatt-hour or other form of tax imposed by any municipal, state or federal taxing body, excepting those taxes, or levies, in effect upon the effective date of the ordinance codified in this chapter. (Ord. 2001 § 5, 2025; Ord. 1987 § 5, 2024; Ord. 1962 § 5, 2023; Ord. 1941 § 5, 2022; Ord. 1923 § 5, 2021; Ord. 1889 § 5, 2019; Ord. 1870 § 5, 2018; Ord. 1847 § 1, 2017; Ord. 1806 § 5, 2016; Ord. 1786 § 6, 2015; Ord. 1745 § 5, 2014; Ord. 1713 § 5, 2013; Ord. 1598 § 5, 2008; Ord. 1565 § 1, 2007; Ord. 1559 § 5, 2006; Ord. 1538 § 5, 2006; Ord. 1290 § 12, 1994; Ord. 1211 § 2, 1991; Ord. 1018 § 2, 1984)

11.16.110 Temporary miscellaneous water service – Schedule G. Revised 5/25

Water Schedule G, temporary miscellaneous water service, shall be as follows:

- (a) Application. Applicable to temporary miscellaneous water service throughout the area served by the utilities.
- (b) Rate.

Size of Tap	Charge per Month or Part Thereof
3/4 inch	\$130.01
1 inch	\$176.54
1-1/4 inch	\$293.87
1-1/2 inch	\$471.79
2 inch	\$947.36
Over 2 inch	By special contract

- (c) Discount. None.

(d) Conditions. All pipes, hydrants, valves and outlets must be properly maintained to avoid waste of water. The utilities reserves the right to discontinue service where pipes and fixtures are in a leaky condition or being used in a manner conflicting with these regulations. Service on such pipes and fixtures will not be resumed until satisfactory repairs have been made and the regulations governing this service properly observed.

All plumbing must be installed in such a manner that the entire system will be protected in freezing weather using only one bleeder.

It is the intent of these regulations to establish a standard of rates and service whereby each water user can receive full value in service.

- (e) Availability.

(1) Where construction work is necessary, service will be furnished at the rate specified in this tariff, plus all cost of connection and disconnection, less the salvage value of material used. Prospective customers shall be required to pay an estimated cost in advance, adjustment to be made when work is completed or service discontinued.

(2) When no construction work is necessary, service will be furnished under the rate covered by this tariff, plus the estimated cost of connection and disconnection which shall be paid in advance.

(3) Prospective customers shall be required to make a deposit for service to be rendered in an amount equal to the estimated billing for two months of service.

(f) Tax Additions. The above rate is subject to proportional increases to compensate for any gross revenue, kilowatt-hour or other form of tax imposed by any municipal, state or federal taxing body, excepting those taxes, or levies, in effect upon the effective date of the ordinance codified in this chapter. (Ord. 2001 § 8, 2025; Ord. 1987 § 8, 2024; Ord. 1962 § 8, 2023; Ord. 1941 § 8, 2022; Ord. 1923 § 8, 2021; Ord. 1889 § 8, 2019; Ord. 1870 § 8, 2018; Ord. 1806 § 8, 2016; Ord. 1786 § 9, 2015; Ord. 1745 § 8, 2014; Ord. 1713 § 8, 2013; Ord. 1665 § 7, 2011; Ord. 1642 § 7, 2010; Ord. 1617 § 7, 2009; Ord. 1598 § 8, 2008; Ord. 1565 § 1, 2007; Ord. 1559 § 7, 2006; Ord. 1538 § 8, 2006; Ord. 1490 § 8, 2004; Ord. 1211 § 2, 1991; Ord. 1018 § 2, 1984)
